2018

103. Mohan JJ, Narayan P, Padmanabhan RA, Joseph S, Kumar PG and Laloraya M (2018) Silencing of dedicator of cytokinesis (DOCK180) obliterates pregnancy by interfering with decidualization due to blockage of nuclear entry of autoimmune regulator (AIRE) *Am J Reprod Immunol.* (doi: 10.1111/aji.12844)
104. Soumya A, Radhakrishnan K and Kumar PG (2018) DNA Methylation and Histone Modifications Associated with Male Germ Cell Differentiation. *Journal of Endocrinology and Reproduction* 21 (2), 59-66.

2019

105. Khan I and Kumar PG (2019) Male infertility management – Possibilities, pros and cons. *ISSRF Newsletter* 23, 87-89.

106. Saha S, Sucharita S, Majhi R, Tiwari A, Pradhan SK, Patra BK, Dash RR, Nayak RN, Giri SC, Routray PK, Kumar A, Kumar PG and Goswami C (2019) TRPA1 is selected as a semi-conserved channel during vertebrate evolution due to its involvement in spermatogenesis. *Biochem. Biophys. Res. Commun.* 512(2):295-302.
107. Yadu N and Kumar PG (2019) Retinoic acid signalling in regulation of meiosis during embryonic development in mice. *Genesis* 57(7-8):e23327. doi: 10.1002/dvg.23327.
108. Kumar V, Kumar PG and Yadav JK (2019) Impact of semen-derived amyloid (SEVI) on sperm viability and motility: its implication in male reproductive fitness. *Eur. Biophys. J.* 48(7), 659-671. (<https://doi.org/10.1007/s00249-019-01391-2>)

2020

109. Bhagya KP, Aswathy JR, Radhakrishnan K, Jeeva SE and Kumar PG (2020) Autoimmune regulator enhanced the expression of caspase-3 and did not induce massive germ cell apoptosis in GC1-spg cells. *Cell Physiol Biochem.* 54, 40-52.
110. Sahadevan M and Kumar PG (2020) Notch signalling in spermatogenesis and male infertility. In: *Molecular mechanisms in spermatogenesis and male infertility* (Singh R, ed). Springer Verlag. pp. 117-132.
111. Yadu N and Kumar PG (2020) Reactive oxygen species in male reproductive cancers. In: *Handbook of oxidative stress and cancer* (Chakraborti S, Roychowdhury S and Ray BK, eds). Springer.

2021

112. Kuttayil SS and Kumar PG (2021) Spermatogonial stem cells: A story of self-renewal and differentiation. *Front Biosci (Landmark Ed)*, 26:163-205.
113. Kuttayil SS and Kumar PG (2021) Possible effects of coronavirus disease 2019 on male reproduction. *J. Reprod. Health Medicine* 2 (Suppl_1), 77-84.
114. Sahadevan M and Kumar PG (2021) Peptidyl Arginine Deiminase 2 (PADI2) is Expressed in Post-Meiotic Germ Cells in the Mouse Testis and is Localized Heavily on the Acrosomal Region of Spermatozoa. *J. Endocrinol. Reprod.* 25(1), 53-65.
115. Yadu N and Kumar PG (2021) Reactive oxygen species in male reproductive cancers. In: *Handbook of Oxidative Stress and Cancer* (Chakraborti S, Roychowdhury S and Ray BK, eds), Springer Nature, pp. 00-00.
